

Heckrodt Edible Plant Program

Saturday May 21st, 2022 1:00-3:00 PM

Join local forager/photographer David Langner, to learn about common edibles and how to prepare them. Program fee will include a presentation, guided hike, samples, and a copy of his new booklet, "Saving the Environment One Recipe at a Time: An Edible Plant Cookbook." Great for adults and youth over 12 years.

\$10 per person (each registered person will receive your own booklet)

Meet staff and presenter in Nature Center the day of the program
