

Cub Scout Clinics

Webelos Walkabout
Saturday, November 14th 12:30-3:00PM

During this clinic, Scouts will review the Cub Scout Essential Six, learn how to plan a route for a two mile walk, and check the weather forecast before we head out. We will also learn about safety and first aid via hands on stations. We will finish up with a naturalist-led two-mile hike in the Reserve.

Bear Habitat
Saturday, January 9th 1:00-3:00PM

We'll learn how to prepare for a hike, including the Cub Scout Six Essentials, appropriate clothing, shoes, map reading, and go on a naturalist-led one mile hike. We'll also find out about Leave No Trace, how to be careful with fire, respecting wildlife, as well as other visitors you may encounter along the trail.

Wolf Adventures - Paws on the Path
Saturday, February 13th 1:00-3:00PM

Scouts will learn about the Six Essentials and why they are important to have on a hike. We will learn Leave No Trace Principles and the Outdoor Code. Find out what clothes and shoes you should wear on your hike, as well as the buddy system. The naturalist guide will lead the group on a hike through the Reserve to observe wildlife.

Cost: \$9.00 per Scout
Pre-Registration & Payments are
required in advance.
